GENERAL INFORMATION:

SAFETY

We operate in Northern Sudan, the area from Khartoum to the Egyptian border it is safe to travel -

TRANSPORTATION

In our journeys we use A/C 4WD cars (Toyota Land Cruisers and/or Toyota Hilux Double Cabin).

MEALS

Cold lunches at midday picnic style (tomato, rice or pasta salad, cheese, ham, tuna fish, fresh fruit). The meals include international dishes as well as local food. The most common local dishes are: "full" broad beans soup, lamb; "chai", tea with spices or mint, very good and rich of flavour. Dinners are hot dishes including meat or fish, vegetables; pasta, rice or soup; fruit and dessert; tea and coffee available.

OUR EXCLUSIVE PROPERTIES

THE PERMANENT TENTED CAMP IN MEROE

The Meroe Camp is located in Bagarwyia, (about 230 km. north of Khartoum) overlooking the beautiful pyramids of Meroe. Accommodation consists of 22 twin-bedded luxury and tastefully furnished tents (4x4 m) each one with its own private bathroom hut with WC, shower and washing basin – we provide towels and a small soap (no amenities) -. The Camp is located at 3.5 km from the Royal Necropolis. Each tent is equipped with a veranda with two comfortable chairs to relax in front of the astonishing view of more than forty pyramids. Electricity is supplied by a generator working from sunset till 11:00 pm (*Type C plugs, with two pins, 240 V*). The restaurant has an ethnic look and there is a nice terrace on top that overlooks onto the pyramids, where guest can enjoy cold drinks while watching memorable sunsets. The Camp is managed by an Italian manager with the help of experienced Sudanese staff. With this

permanent facility, this arid region of extraordinary archaeological interest and beautiful landscapes become accessible even to those reluctant to sacrifice their comfort.

THE NUBIAN REST- HOUSE IN KARIMA

Karima is a small town located on the right bank of the Nile, close to the famous archaeological site at the foot of Jebel Barkal, south of the 4th Cataract. The town is a small, dusty and calm village, where a market takes place in the morning. The Nubian House is a charming small hotel built in the typical Nubian style just at the foot of Jebel Barkal, the holy mountain of the old Egyptian and Nubian Pharaohs. It is surrounded by a large private enclosure, with a nice garden and leisure area. Each of the 22 rooms is characterized by a peculiar Nubian door and has its own private bathroom and a pleasant veranda. The decor and finishing have been carefully selected. They come mainly from Italy and provide an elegant yet rustic charm. A reception, a restaurant and a living room with decorated walls complete the wonderful setting. The private bathrooms have WC, bidet, shower and washing basin – we provide towels and a small soap (no amenities) -The hotel is managed by an Italian manager with the help of well-trained Sudanese staff. All the buildings are made with local bricks covered by hand-spread clay plaster as used in the Nubian area.

OTHER ACCOMMODATIONS

The Mobile Camps

The mobile camps (bivouacs / wild camps) are prepared with the equipment on board of the vehicles. Accommodation will be in igloo tents (2,20 x 2,20 x 1,60m) with 5 cm thick foam mattresses. For the meals we use folding tables and chairs. Each pax is responsible of setting up his own tent. The guide and local staff will be glad to offer their help in case of need. All the kitchen equipment is available (cutlery, plates, cups, etc). A cook will be in charge of all the meals. Bowls for personal washing are available as well as enough water. NO sleeping bag, nor pillow or towels are provided during the wild camps.

Private Nubian house

Typical Nubian house with some rooms with 2/ 4 beds each, veranda with other beds, western or long drop toilet, naturally sun heated water shower OR bucket water. Normally there is a generator working for a couple of hours, so people can charge the batteries from their cameras. A kitchen and a room for the driver is also available. The food will be prepared by our cook. Passenger must bring sleeping bag, pillow and towel. SGL cannot be guaranteed.

THE PRE SET CAMP – Available on request mainly for groups of Minimum 10 pax or Special requests for VIP tours

The preset camps are prepared prior to the group arrival. Big Igloo tents (2,40 x 2,40 x 1,80) with camp beds, foam mattresses, sheets and wool covers. One small table and two folding chairs every tent. For the meals a big restaurant tent with table and chairs. Two showers and two toilets (one for men and one for women) complete the structure. The camp will be located among the beautiful sand dunes in the Old Dongola, or in the Tombos area.

POLICE, CUSTOM AND HEALTH FORMALITIES

To enter in Sudan it is necessary to have an entry visa prior arrival, obtainable through the competent Sudanese Embassy. The passport must not have Israel Visa.

You will also need the following:

- Photographic permits: we will obtain the permits for the guests
- Passport registrations: we arrange the registration.
- **Passenger must bring 2 passport size photographs**
- Archaeological permits: we get these permits for the clients

No vaccinations are required, but it is advisable the malaria prophylaxis. During the winter (November to February) there are very few mosquitoes and the risk is very low, but we recommend contacting your local Health Centre to ask for advice. A first aid kit is available while on tour in our vehicles, but it is advisable to carry your own personal medicines in the hand baggage.

VISA

All nationalities (except Egyptians, over 49 years old) must have a valid tourist visa to enter Sudan, we support/sponsor visas ONLY to passengers who are booked on our tours or have one of our representative with them throughout their stay in Sudan.

For the visa, we can follow two different procedure:

VISA ON ARRIVAL

mainly for American - Australians - New Zealanders citizens and countries with No Embassies. For this we need to receive a scan copy of the passport (which has to have minimum 6 months validity, 2 free consecutive pages and NO Israel visa or stamp) ideally two months before or no later than 20 days before travelling.

We make the due procedures for you in Sudan and when finish we send you a scan copy of the LANDING PERMITS that the clients must print out and show it when checking in for the Khartoum flight. FAILING TO PRINT THE LANDING PERMIT WE SENT, IT WILL BE DENIED BORDINGTHE FLIGHT TO KHARTOUM.

On arrival they will receive, from our representative, the original and have the visa sticker placed on their passports. The cost for visa on arrival is per person: 135 USD to be paid to us cash locally for the procedure we did for you in Khartoum + 100 USD (non US citizens) or 150 USD (only for US passport holders) to be paid cash locally at the custom officer, as cost of the visa itself. Bank notes should be newly issued (not earlier than 2009).

What to do at the Khartoum airport when you have visa on arrival: When entering the Khartoum airport pls join the queue for PASSPORT CONTROL - look out for someone with a sign with your name on...we need to give you the original LANDING PERMITS (so far you have only a copy) - When completed the passport control from the authorities you will be sent to another queue for the COUNTER VISA (this is located in the far right hand side facing the Passport control desks) - Here you will need the original of your landing permit and if you haven't found us yet you will definitely find us here. You will see a sign with your name/or your travel agent name on we will give you the original of the Landing Permit. Place this in your passport, together with the "Landing card" who is has been given to you on the plane to complete + the 100 (for NON USA passports or 150 USD (for USA passports) for your visa- Hand those documents to the custom officer who will collect them and tell you to wait until they put the visa sticker in your passport which eventually will be returned to you and only then you will be allowed to move on to the bag collection.

For clients with VIP hall assistance: Upon your arrival in Khartoum airport look out as soon as you disembark the plane for a sign with your name on, you will be transferred to the VIP HALL where you will meet our local representative. The staff will take care of your visa on arrival and collecting the luggage on your behalf. Remember to take with you the print out of your "Landing Permits" and 100 (for NON USA passports or 150 USD for USA passports (pls bring one US\$100 + US\$50 banknotes issued no earlier than 2009). After receiving your passport stamped and your bags you will be assisted with your transfer to the Hotel.

A note on lines: In Khartoum there are often long lines to have your passport checked by officials. Be prepared for potential delays on receiving your visa on arrival.

A note on baggage claim: If customs will need to check the content of your bags you will be informed and transferred to the regular arrival hall to open the bag for inspection.

VISA THROUGH THE EMBASSY

we will provide you with our invitation and then apply for the visa directly to the competent Sudanese Embassies, we still need to have passport copies of your clients. The costs for this procedure depends on the embassies.

LOCAL PAYMENT

The archaeological entrance fees, passport registration and photo permits are normally quoted separately in USD in our itineraries.

We are now forced to ask to bring these fees cash in USD directly to Khartoum and give them to our guide on arrival in Sudan. The reason for this is that it is now compulsory for everyone to pay these fees in hard currency (USD) and no more in SDG.

In addition we would like to recommend to bring the correct amount as stated in our information, newly issued bank notes (issued not earlier than 2009).

THE FIRST AID KIT and FIRST AID TRAINING

The first aid kit on our cars will contains medicinal useful for wounds, traumas, fever etc. as below:

disinfectant, paracetamol (*for fever*), loperamides (*for diarrhea*), cicatrizer (*for scar*), Burn ointment, cream/balm for trauma treatment, Plasil – metoclopramide (*against vomiting*), bandage, sterile dressing, Band-Aid, absorbent cotton and thermometer.

So we kindly recommend our guests to bring all the other personal or generic medicines that are not here included.

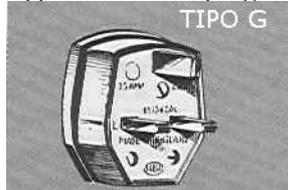

All our guides are first aid trained

PERSONAL TRAVEL INSURANCE

Everybody travelling in Sudan must be covered by travel insurance.

ELECTRICITY AND SOCKETS

Type C,G and D plugs; 240 V; 50 Hz

TYPE D

TYPE C

CURRENCY

The currency in Sudan is the New Sudanese Pound, the present value is: 1 Euro = 7.64 SDG – 1 USD = 7.64 SDG (Jul.2017). There is a Money exchange bureau either for Euros or USD at the airport (recommended), in Khartoum city centre or at the hotel in Khartoum.

Please note that only new USD are accepted in Sudan.

Please note that credit cards and debit cards are NOT accepted in Sudan.

LANGUAGE

The official language is Arabic; in the Nubian region it is also used a local dialect different from Arabic. Very few people speak English.

TIME ZONE

Sudan local time is GMT+3 hours (No DST).

CLIMATE

The Northern Sudan regions have a desert climate, with high thermal range between day and night. For a trip the best periods are the winter months, from October to the end of April, with a dry and sunny climate.

The ranges of temperatures are:

- October/November and March/April: 30°-38° C during the day, 12°-18° in the night
- December/January/February: 25°-30° C during the day, 5°-10° C in the night

The humidity fluctuations are between 20%-40%. No clouds or rains in these months.

Khartoum may be more humid than the other areas where our tours travel in.

From February to end of April (and occasionally even earlier) there may be lots of "nimitti" which are small, harmless, but extremely annoying flies in the north (Tombos, Soleb area) – these flies are the ones that make the pollination of the palms. We will provide fly nets to wear over the face, and the tour leader will recommend to wear long sleeves top.

WEARING & Packing info

We suggest light clothes for the day and some warm items for the winter nights.

No shorts for both men and women – No sleeveless tops for the ladies – Sudan is a not an extremist Muslim country, there is no need to cover the women hair (but the hat for the hot sun is recommended) however it is nice practice not to show the legs (long trousers or long skirts are recommended) or wearing clothes which are too tight.

Remember the following items: hat, sunglasses, electric torch with spare batteries, wet tissues, sun screen lotion. Bring your own shampoo, conditioner and shower gel.

PHOTOGRAPHS

When travelling outside Khartoum it is necessary to get a photographic permit that will be provided by our company upon your arrival in Sudan. We remember you that it is not allowed to take photographs of military items, airports, bridges, official buildings and in the markets. In Khartoum also there are often problems with Islamic fundamentalists to take photos of the town. We suggest, in case of any doubt, to ask the tour leader.

WOULD YOU LIKE TO TAKE SOME PRESENTS FOR THE SUDANESE PEOPLE?

Sudan is a developing country and most people are living a very simple life.

The people of Sudan are very welcoming and friendly, normally they do not ask or beg and we aim to keep the country as virgin as possible for as long as we can, we wish to keep on travelling "light" enjoying the beauty of the country without changing its people.

If you wish to bring small gifts to give to the locals we recommend pens, pencils or markers for children / these gifts are NOT to be given directly to children but to the teachers when visiting schools or to your guides who will ensure that these gifts are given to needy children.

As everywhere in the world, ladies loves perfumes and creams so you could bring small samples of perfumes or creams (the one you normally gets for free at shop will be fine).

On our tours most probably you will visit **Tarabil School** close to our Meroe Camp, to show you how much is our commitment to Sudan...as you can see from the attachment or on website <http://www.amicidelsudan.org/index.php/en/> we proudly support the NGO *Friends of Sudan* and do our best in giving children and their families a better future, as you can imagine, for us Sudan cannot be just business.

If you have dismissed clothes we normally collect them and then we bring them to some refugees' camps.

Normally our guides purchase on behalf of the group extra fresh fruit and we give it when we visit nomads in the desert (they have not much access to fresh fruit).

We prefer having the local guides to give the gifts to nomads or local families we visit, on behalf of the travelers to ensure that locals do not start asking gifts to travelers which can be quite annoying in some countries.

VIDEO CAMERA / BINOCULAR / TELESCOPE

A special permit is required for filming the archaeological sites. There is an extra tax to pay locally to our guide, which varies according to the number of sites included. At the moment it is **20 USD** for each archaeological site. This procedure can take a while to be organized therefore we require the clients to let us know well in advance.

There can be problems in introducing professional Binocular lenses in Sudan, Custom might not allow this item to enter the country, if so they will keep it at the airport and issue a receipt in order to have it back when leaving the country.

Most Telescopes might not be allowed in the country. If the custom confiscate them they will issue a receipt for the item and return it when leaving the country.

LAUNDRY

Laundry service is available at Meroe Camp and at the Nubian Rest House in Karima. Please note that we are in an Islamic country and underwear and socks will not be washed.

BAGGAGE

It is recommended to carry soft baggage, to make the arrangement in the cars much easier. The weight should not exceed 15 Kg per person.

MOBILE PHONES and INTERNET- WIFI:

The coverage for Mobile Phones is constantly improving in Sudan. In the major centres and when on main tar roads there is mobile coverage.

Internet and WIFI is available in all the Khartoum hotels - outside Khartoum there are some Internet cafe - If you wish to have connection outside Khartoum we can purchase, and charge you for it, an internet key for you.

Limited Wi-Fi available at our Nubian Rest House and at the Meroe camp.

ON ARRIVAL AT THE KHARTOUM AIRPORT

There can be long queues to have the passport checked by the officers, and there can be further delays for "visa on arrival" – if this has been previously organized – everybody must have a valid visa to enter Sudan.

After the passport control you will proceed to the bags collection and also for them to be delivered there can long waits.

Once you collect the luggage you will be asked to show your bags receipts and you may also be asked to have your bags manually checked by the airport officers. This is quite normal, they just need to be sure that there is nothing illegal for Sudan inside, like alcohol, pornographically magazines etc. (please note that some normal magazines we read in our own countries may have some images of undressed public characters...and this may be considered inappropriate) – the custom would simply not allowing them inside the country.

Our representative will meet you just outside the glass door with a sign with either your name or group name on it.

RESPONSIBLE TOURISM

We are committed to protect the environment, its resources and the people of Sudan. It is quite difficult to do so in Africa, however in our tours, we are trying our best to minimize the production of non disposable rubbish, we try to be as "green" as possible and to preserve the friendliness of the Sudanese people.

Support the local communities: in our properties of Meroe and Karima, we employ only local staff (with the exception of the Italian Manager).

We travel often in remote areas of north Sudan, we visit local houses, nomads' huts and stop at wells in the desert, we have a strong company policy of NOT giving out money for photos etc. If people offer us tea/coffee etc we may (according to circumstances) give small gifts like fresh fruit, sugar or tea, which are very precious goods in this part of Africa. We proudly support the NGO Amici del Sudan/Friends of Sudan <http://www.amicidelsudan.org/index.php/en/who-we-are>

We take care (free of charge) of the local operations and logistic they have in Sudan –

Go Green: In both properties of Meroe and Karima we have our own water wells.

Water is the most precious things on Earth – although available, we kindly ask the guests to consider it as a very precious gift and do not waste it!

At the Meroe Camp we have solar panels which produce the hot water needed in the winter months for the showers.

We are trying to minimize the production of rubbish. As you may be very well aware when travelling in Africa, about the huge problem of the plastic bottles/bags which are found everywhere near villages, cities etc. In all our quotations we include mineral water, we are committed to limit the amount of plastic bottles we use on tour, not the amount of water we give to our guests.

IMPORTANT:

Please note that it is not allowed to bring alcoholic beverages in the country because of the Islamic law. It is also strictly forbidden to take out of the country fossils, stones and any possible archaeological item. An accurate screening of your luggage will be done at the airport before departure. Fines may apply in case they find something suspicious.
